Description
Is it possible to turn off caching for the Appion report and summary pages, in particular viewstack.php (but not the imageviewer). When a stack is made, and I look at the particles BEFORE they're all uploaded, then those particles become cached. If you try to look at the particles subsequently, then you can't load all of them.

History
#1 - 04/09/2013 05:00 PM - Anchi Cheng
- Status changed from New to Assigned
- Assignee changed from Jim Pulokas to Anchi Cheng

Dmitry,
Sorry, it is my bug. I will commit the fix later today.

#2 - 04/10/2013 09:39 AM - Anchi Cheng
- Status changed from Assigned to In Code Review
- Assignee changed from Anchi Cheng to Jim Pulokas
- Affected Version changed from Appion/Leginon 2.1.0 to Appion/Leginon 3.0.0

r17497 changed this. Assign to Dmitry to test.
